

Blood Orange

Puree Typical Analysis

Vintner's
HARVEST

PREMIUM WINE MAKING PRODUCTS

The blood orange has a deep red flesh and a rind that has a bright red blush in color. The flavor is stronger and the aroma is more intense than a normal orange but shares the same wonderful citrus flavors. Blood Orange has a distinct, sweet flavor with a hint of raspberry. The blood orange pulp adds a nice texture that compliments the bright flavors. The product contains no preservatives and no additives.

Typical Analysis

Measurement

Data

pH:	3.0 - 3.4
Brix:	8.0° - 12.0°
Specific Gravity:	1.020 - 1.060
Viscosity:	24 cm/min (Bostwick at 70°F)
